Pakistan Islamic Medical
Association (PIMA)

Federation of Islamic Medical
Associations (FIMA)

MISSION STATEMENT

To seek the pleasure of Almighty Allah through character building and service to mankind.

AIMS AND OBJECTIVES

- To motivate doctors to trail the tenets of Islam, adopt Islamic way of life and organize doctors, agreed to the goal of PIMA, at an effective platform.
- To provide opportunities for ideological, ethical and professional training of doctors at large scale particularly for its members and associates.
- To strive for provision of medical assistance to those in dire need, in disasters or in less privileged areas within the country and abroad.
- To use the doctor–patient relationships in the best concern of the society for dissemination of Islamic ideology.
- To strive for holistic National Health Policy and Medical Education in line with the Islamic teachings.
- Doctor's Advocacy: Solving problems of health care professionals and professional organizations on ethical lines.

From the Desk of the Chairman

Dear Colleagues, Brothers and Sisters

السلام عليكم ورحمة الله وبركاته

Pakistan Islamic Medical Association (PIMA) was established in Oct, 1979. Since its inception PIMA has been striving to achieve its goals in professional and spiritual strengthening of Health care professionals, calling its members and associates towards Islamic way of life through its regular training workshops, seminars, master classes and other CME activities. PIMA provides a fabulous platform for spiritual and professional training of health care fraternity, enabling the members to accomplish exciting professional skills, empathetic behavior and comprehensive competencies in the field of health and medical sciences.

PIMA holds its central convention every two years in different cities, where large number of physicians from all over the country and abroad meet to discuss not only burning health care issues from primary to tertiary care but also enhance their ensoulments through spiritual training. This Convention will precede with FIMA council meeting simultaneous with Pre-conference hands on Workshops, Master classes and courses in innovative technologies, Islamic Hospital and Islamic Medical colleges consortium seminars. Over 3000 national and an excess of 200 international delegates, from over 50 countries including a number of global authorities in different fields of health care sector, are expected to participate in this convention. The convention is open to everyone from health care fraternity including physicians, dental surgeons, nurses and allied health care professionals.

It will be a great privilege for PIMA to host you in PIMA/FIMA International Scientific Convention 2022, which will turn to be an inimitable event by your full participations. We have arranged accommodations on affordable prices apart from trips to surrounding Murree hills for our guests. To make it more comfortable and enjoyable for every one please do not hesitate to contact convention secretariate or more particularly the chair persons of different committees. Islamabad will be enjoyable during October, where autumn will be in its complete dangle, magnetizing the visitors. May Allah The Almighty accept the efforts of every one to make this event an immense accomplishment.

Prof. Muhammad Iqbal Khan

MD; FRCS (Eng); FRCS (Glasg); MHPE (Neth)

Chairman Organizing Committee,
